memory device from outside, prior to the outputting of said image data to said secondary
memory device from said primary memory device.

36
88. (Amended) The computer readable recording medium as defined in claim [57]
58, wherein, in said error signal outputting process, said recording medium records the
program of causing said computer to practice the image processing method of outputting the
error signal only during the time period of practicing the process of outputting said image
data to said secondary memory device from said primary memory device.

89. (Amended) The computer readable recording medium as defined in claim [58]
60, wherein, in said error signal outputting process, said recording medium records the
program of causing said computer to practice the image processing method of outputting the
error signal only during the time period of practicing the process of outputting said image
data to said secondary memory device from said primary memory device.--.

REMARKS

Favorable consideration of the present application in light of the above amendment
and in light of the following discussion is respectfully requested.

Claims 1-90 are presently active in the case, with Claims 53, 54, 55, 76, 78, 79, 81,
82, 85, 86, 88, and 89 amended, by way of the present amendment, without the introduction
of new matter.

The present amendment corrects informalities discovered in Claims 53, 54, 55, 76, 78,
79, 81, 82, 85, 86, 88, and 89. Applicants submit that no new matter is introduced.

In addition, submitted herewith via separate letter are substitute formal drawings to
replace the informal drawings as originally filed. Applicants submit that no new matter is
introduced.

Consequently, in view of the present amendment, the present Claims 1-90 are believed to be ready to be examined on the merits and the same is respectfully requested.

Respectfully submitted,
OBLON, SPIVAK, McCLELLAND,
MAIER & NEUSTADT, P.C.
